

## HOLLYHOCK SCHOOL LEADERS INSTITUTE

### A 3.5-Day Intensive Institute for Leaders of Hollyhock Schools

The goal of the Hollyhock School Leaders Institute is to share the Hollyhock Fellowship program with leaders of Hollyhock schools such that they may maximize the experience of their teacher fellows and leverage fellows' learning across the larger school context. To that end, the Hollyhock School Leaders Institute will provide school leaders with an opportunity to understand the Hollyhock fellows' learning experience, to learn about CSET's practice-based approach to professional learning, and to engage with other Hollyhock school leaders to consider how best to take full advantage of this opportunity to strengthen the teaching and learning at Hollyhock schools.
